## **CORE PURPOSE**

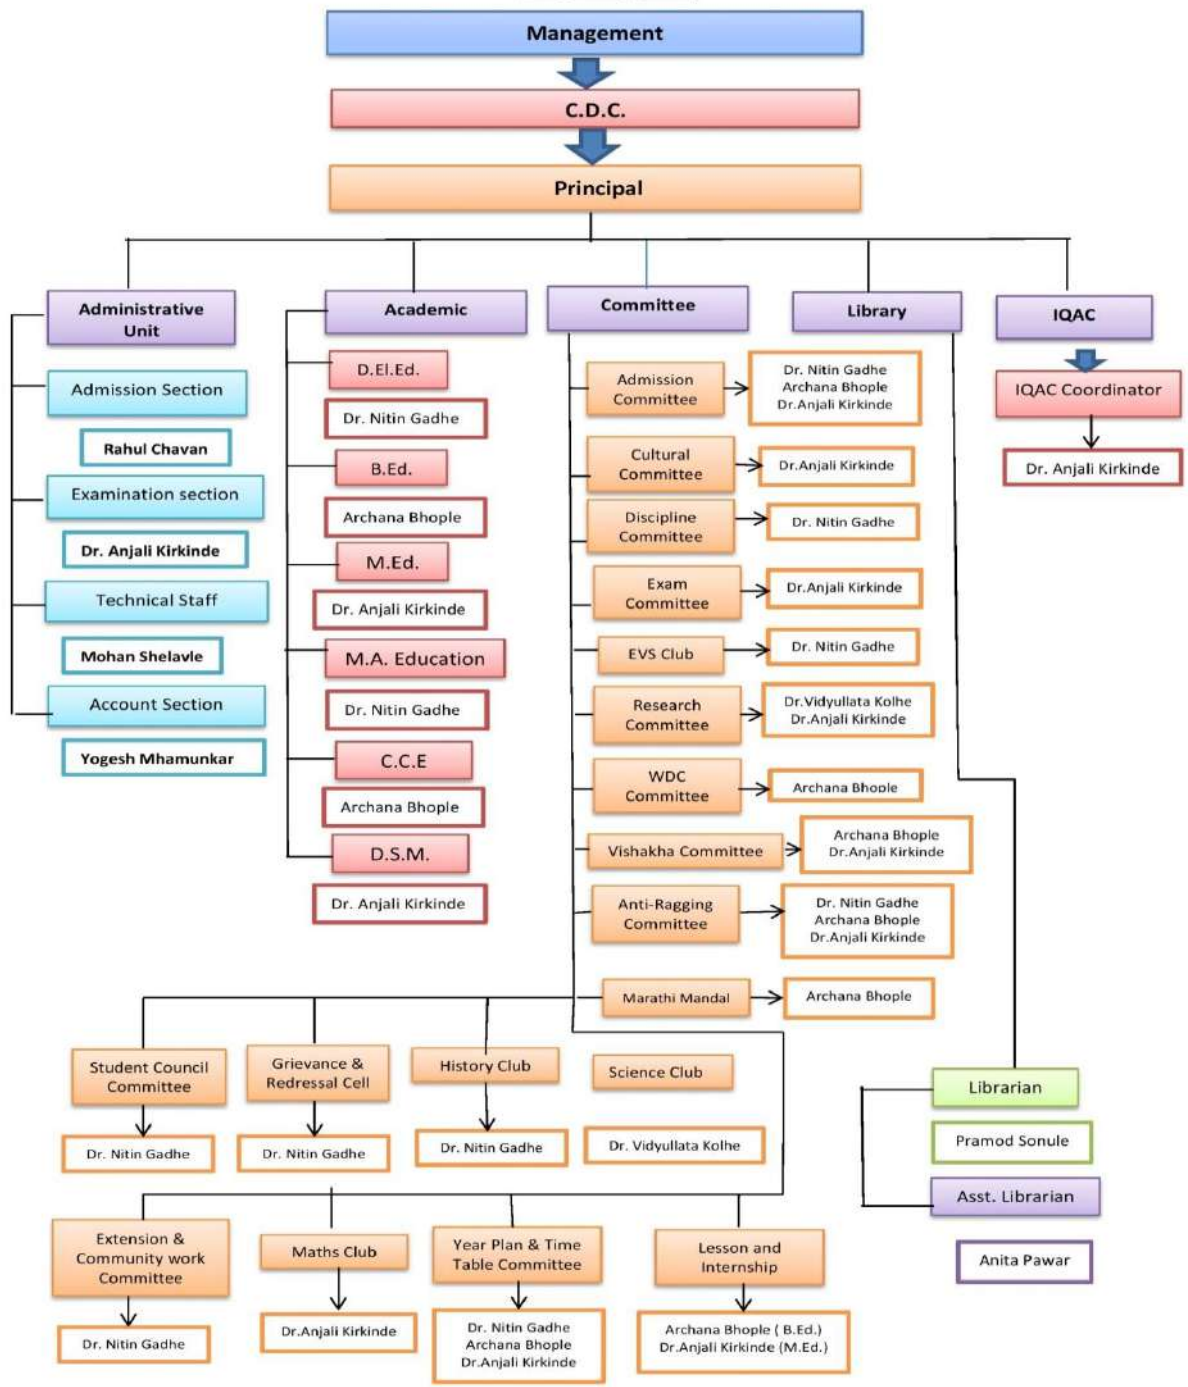

**To make student teachers confident and creative builders of their future by focussing on their holistic development leading to Nation Building.**

**S.S.P.M. Mumbai's  
GURUKRUPA COLLEGE OF EDUCATION & RESEARCH, KALYAN**

**Organogram**

## **Hon. Academics Director's Message**

### **Azadi ka Amrit Mahotsav Themes 2.0**

As we countdown to 15<sup>th</sup> August 2023 Azadi ka Amrit Mahotsav aims to further boost this people's movement by focusing on critical areas of cultural and social development.

In view at this, new themes have been identified aligned with the ` PANCH PRAN` announced by Hon Prime Minister. Women and children, Tribal Empowerment, Water, Cultural Pride, Life style for Environment (life), Health and Wellness, Inclusive Development, Aatmanirbhar Bharat and Unity.

### **Theme 2.0 (PANCH PRAN)**

#### **PRAN -1**

#### **Goal of Developed India**

##### **Women and Children**

Investing in child development is the key to building a better future for any nation. The values education and health of children directly influence the social and economic indicators of countries and also shape its global standing. Work to be done in many areas including services, sanitation, and education, especially for children in rural and tribal communities.

##### **Inclusive development**

Inclusive development promotes fair opportunities for all, regardless of social and financial standing, with advantages occurring to each and every segment of society. Improved access of essential service such as water, sanitation, housing, electricity etc. as well as targeted efforts for underprivileged population shall go a long way in building an even more inclusive media.

##### **Health and Wellness**

The health care sector comprises of hospital medical device, clinical trials, Outsourcing, telemedicine, medical tourism, health insurance, and medical equipment. Health is often decoded from the lens of Preventive care and the curative actions for illness. Homeopathy has also been an important part of the health and Wellness narrative in India.

## **Tribal Empowerment**

Tribal communities, pan India have played a key role in conserving the rich culture and heritage of our country. According to the 2021 consensus, the tribal population in India was 104 million, constituting 8.6% of country population. The significant role of the tribal community in evolving narrative of India is well established, be it their contribution to the freedom struggle, field of sports or business.

### **PRAN-2 Remove Colonial Mindset**

## **Atmanirbhar Bharat**

Aatmnirbhar Bharat Abhiyan or self-reliant India campaign is the vision of new India campaign is the vision of new India envisaged by the Prime Minister 12th May 2020 and announced the special economic and comprehensive package of INR 20 lakh crores equivalent to 10% of India's GDP to high COVID-19 Pandemic in India

### **PRAN-3 Take pride in our Roots**

## **Cultural Pride**

India is a land of many cultures; it is one of the oldest civilizations in the world dating back more than 4000 years. During the time many customs and traditions have core together reflecting the country is rich culture and heritage. It is fair to say that the people of this country take pride in their cultural slaves and the contently taking forward their legacies.

### **PRAN-4 Unity**

## **Unity in Diversity**

India is the land of diversity from North to South, East to West, and Nation inhabited an array of Cultures, rituals, languages, food, attires, festivals and more. Unity is one of the PANCH PRAN that where Mission by the P.M. on 76th Independence Day 2022. With this common goal and mind, we shall more forward together as more unified Union, towards the coveted 100 years of freedom!

### **PRAN-5 Sense of Duty in Citizens**

## **Water**

Water is a life sustaining natural resources however available of water resources is limited and distribution unevenly making many vulnerable to lack of it. The Govt. of India has launched several unique campaigns such as Har Khet ko Pani, Nadi Ustav, Amrit Sarovar to increase awareness about water conservation and revival

### **Lifestyle for Environment (LIFE)**

This initiative encourages a lifestyle that focuses on mindful and deliberate utilisation of resources and aims to change the present use and disposal of consumption habit. The idea behind is to encourage individuals to adopt simple changes in their daily life that can contribute to climate change. Azadi Ka Amrit Mahotsav festival celebrates the rapid stride that India has taken in the past 75 years. Through the celebration, India can create a vision for 2047 and also take deep steps to attain making "Bharat Vishwa Guru".

**Dr. Lagashetty V.S.**  
**Director and Academics**  
**SSPM**

## FROM PRINCIPAL'S DESK

**“Educate and Raise the masses, and thus alone a nation is possible..... We want that education by which character is formed. Strength of mind is increased, the intellect is expanded, and by which one can stand on one’s own feet.” \_\_\_\_\_**

**By Swami Vivekananda.**

Nipun Bharat Mission is a Flag Ship Program under Samagra Shiksha Scheme, which ensures that every child up to the level of class third, can acquire **FLN** (Fundamental Literacy & Numeracy) skill in India at the end of 2026.

As a Teacher Educators it’s our responsibility to develop innovative techniques among the student teachers. Apart from the various different views and mind-sets of the teaching community, it is felt that for the successful goals of Nipun Bharat, the various aspects need to be studied and implemented

# Savitribai Phule Jayanti

3/1/2023

From Left to Right

Supriya Gupta, Rexica Nadar , Ritika Kohli, Rujula Malekar, Ritu Yadav & Shiba Shah, F.Y.B.Ed..

Savitribai Phule was the first female teacher, a modern feminist, and a social reformer of India. She had the revolutionary flame to take forward women& education for the upliftment of women in the field of education and literacy. To make aware the students about invaluable contributions of Savitribai Phule towards society and women, GCER conducted discussion on **“SAVITRICHYA LEKI: KAL AANI AAJ.”** Students participated in the discussion and expressed their views, feelings about importance of Savitribai Phule’s invaluable contributions towards society especially for women event today. The discussion was really very interactive. Priincipal Dr. Vidyullata Kolhe also contributed her views in this discussion. She appreciated the students for their expression of views in planned manner.

From Left to Right

Supriya Gupta, Rexica Nadar , Rujula Malekar, Ritu Yadav & Shiba Shah, F.Y.B.Ed.

# First Meeting of Strategy Sheet of GCER 4/1/2023

Principal Dr. Vidyullata Kolhe & Academics Director Dr. V.S. Lagashetty

GCER Staff Anita Pawar, Dr. Nitin Gadhe, Dr. Anjali kirkinde & Mrs. Archana Bhople

Strategic meetings are focused on your team and overall organization/institution strategy, which are recurring or regularly scheduled. Strategic planning focuses on using numbers and aggregated meeting data to assess and improve the progress on organizational goals. It focuses on what the organization/Institution is trying to accomplish, the progress that has been made, and on brainstorming ways in which to improve team performance. It creates a plan of what comes next after one goal is achieved and creates a foundation for overall success. Keeping all these things in mind, Strategy Meeting of GCER was conducted. In this meeting all faculty members were participated. SWOT as per NAAC Criteria was discussed with Academic Director, Dr. V.S. Lagashetty. After discussion SWOT of criteria I & III were finalized.

From Left to Right

Dr. Anjali Kirkinde, Mrs. Archana Bhople, Dr. Nitin Gadhe, Dr. V.S. Lagashetty, Dr. Vidyullata Kolhe & Mrs. Mrunali Pansare

## World Braille Day 4/1/2023

Braille Day is celebrated in honour of Louis Braille, the inventor of the braille system of reading alphabets. Braille literacy is of utmost importance for blind people so that they can navigate life more easily. World Braille Day not only spreads awareness about braille as a system of reading but also calls for inventing more accessible forms of communication for disabled people.

This year GCER decided to celebrate this day in unique way. Our students visited **NAB IDBI POLYTECHNIC, AMBERNATH**, where all workers are blind. To observe how they work our students visited this factory. It was really amazing to see that all workers were working as normal worker.

Students first visited manager of the factory and introduced themselves and motto behind the visit. He was also very happy to learn about intension of our students. He gave information about the organization and facilities available, trainings given by organization, and many other events arranged for the workers in brief. Students were impressed by efforts taken by organization.

Students also interacted with blind workers. They asked about their day today activities, they collect information about braille language. The workers also showed how they are working in easy manner in the factory. They also shared their experiences and felt happy by interacting with our students. Students were full of emotions while they left the organization.

## Our Faculty Member as a Resource Person 8/1/2023

Dr. Anjali Kirkinde taking session as a Resource Person

Shri Bapusaheb D. D. Vispute College of Education, New Panvel conducted one day workshop on '**Research Methodology**' for M.Ed. and M.A. Education students on 8/1/2023. We are proud to say that our faculty member Dr. Anjali Kirkinde was invited as Resource Person for this workshop. She demonstrated how to write Chapter 1 of dissertation with various examples. It was interactive session.

# National Youth Day 12/1/2023

**Kavita Jethava (F.Y.B.Ed.)**

**Supriya Gupta (F.Y.B.Ed.)**

**Participants of B.Ed. & M.Ed. students and faculty members**

National Youth Day 2023: It is celebrated on 12 January and is also known as Rashtriya Yuva Diwas. The day is observed to commemorate the birth anniversary of Swami Vivekananda, one of the greatest philosophers and spiritual leaders. Vivekananda propounded the significance of education in nation building. He believed that education is the primary means of empowering people. He particularly emphasized education being relevant to the common masses. One of the famous proverbs of Swami Vivekananda among the youth is, **“Arise! Awake! and stop not until the goal is reached.”**

To honour the contributions of Swami Vivekananda, College conducted Elocution Competition on **“The role of youth in character building, promoting Nationalism, Unity and inclusive growth.”** Rubrics were also given to the students. 11 students participated in the competition. Students expressed their views regarding character building and unity in a very confident manner. The competition was judged by Dr. Anjali Kirkinde and Mrs. Mrunali Pansare madam. Judges and Principal appreciated the participants. Result was also declared on the same day.

## EDUCATIONAL THOUGHT OF SWAMI VIVEKANAND

**Sangeeta Pramod Kotian**

**D.El.Ed. Student**

**Contact: 9930380553**

**Mail: [Kotiansangeeta81@gmail.com](mailto:Kotiansangeeta81@gmail.com)**

It is said that, a poor teacher tells, an average teacher explains, a good teacher demonstrates, a great teacher inspires. Vivekananda was a great teacher and also a great educationist. As him the aim of education is the knowledge, not of facts but of values. Since ages of human evolution human being constantly strived to attain highest state of attainment of peace, prosperity, happiness and the feeling of fullness. He presented the true India to the whole world. The concept of Vasudhaiva Kutumbakam-the world is one family-is the only beacon light for survival, growth, and real progress for human society, particularly in the strife-torn world of today.

Swami Vivekananda realized three things are necessary to make every man great, every nation great:

1. Conviction of the powers of goodness;
2. Absence of jealousy and suspicion;
3. Helping all who are trying to be and do well.

According to Him education is a continuous process; it should cover all aspects of life physical, material, intellectual, emotional, moral and spiritual. His attitude towards modernization is that the masses should be educated before anything else is done. Swami Vivekananda's educational philosophy is based on his general life. He was a Vedantist educationalist. He had propounded faith in Advaita Vedanta or non-dualism. God is Supreme, Infinite, One, and Formless. He is Infinite Existence, Infinite Knowledge and Infinite Bliss. Every living being including man is a part of the Higher or Eternal self. In 'Raja Yoga' he says "Each soul is potentially divine." All men are children of God. According to him Faith has to be cultivated in man. This faith is triple in nature-faith in one's own self, faith in the nation, and faith in God. God can be realised through service to living creatures. Service to living beings means service to God. This truth of Vedanta has to be practised and cultivated in life. This is known as "Practical Vedanta'-the essence of which is service to God in man. Vivekananda was an eclectic thinker and educationist. He believed in essential unity of man and God. He tried to unit Indian spirituality and Western materialism. He also tried to unit Para Vidya (Supreme knowledge) and Apara Vidya (material knowledge). Vivekananda criticised the present system of education. Vivekananda advocated 'man-making education's man is the highest temple. Vivekananda believes that "education is the manifestation of the perfection already in man."

“Perfection is already inherent in man and education is manifestation of the same.” Knowledge resides within the individual himself. All knowledge –secular or spiritual-is in the human mind. Knowledge is inherent in man, no knowledge comes from outside, it is all inside. An individual simply discovers the knowledge inherent in him. When the covering is being slowly taken off, learning takes place. Man must discover himself. The discovery will help the expansion and enrichment of the soul. The student has himself to discover, himself to learn and himself to teach. Thus, according to Vivekananda, education is the discovery of the inner self. For Vivekananda education is not the amount of information put in to one’s brain, which may be there undigested all one’s life. It is rather a life-building assimilation of ideas. As Him “If you have assimilated five ideas and made them as your character, you have more education than any man who has got by heart the whole library. If education were identical with information, the libraries would be the greatest sages in the world and encyclopaedias the greatest Rishis.” Vivekananda considers education as a part of human life. Real education is that which one can stand on one’s feet. Swamiji says “The end of all education, all training should be man-making.” Creation of self-confidence and self-realisation should also form the aims of education. Education must make a man conscious of his hidden powers. In Swamiji’s own words: “Faith in our self and faith in God-this is the secret of greatness.” Vivekananda emphasised on formation of character through education. He says” The end of education is character-building.” Generally, character is regarded as self-regarding sentiment. According to him character is aggregate of a man’s tendencies, the sum-total bent of his mind. Good and evil thoughts equally mould the character of an individual. Education should aim at sublimating the evil tendencies of our mind. Moral and Ethical education can help greatly in this regard. Swamiji laid emphasis on the development of integrated personality. This is possible only through total or many-sided development of personality such as intellectual, physical, social, moral, emotional and aesthetic. He wanted to combine the intellect of a Shankara and the heart of a Buddha. According to Him “personality is two-third and his intellect and words are only one-third in making the real man.” Swamiji emphasised on the personality of the teacher in education. True education is only possible through intimate personal contact between the teacher and the taught. For this purpose he wanted to revive the old Gurukula system of education. Vivekananda regards the child as the pivotal point of education. He is the store house of Knowledge. Vivekananda lays emphasis on the discovery of inner knowledge. Until the inner teacher opens, all outside teaching is vain.

# Rajmata Jijabai Jayanti 12/1/2023

Yogini Gharat (F.Y.M.Ed.)

Ratna Telange (S.Y.B.Ed.)

Rujula Malekar (F.Y.B.Ed.)

Rajmata Jijau Jayanti marks the day that Chatrapathi Shivaji Maharaj's mother, Jijabai Bhosale. She was born on January 12. Commemorated on January 12 every year, Rajmata Jijau Jayanti honours Rajmata for her role in shaping Shivaji Maharaj's life, the strong upbringing she gave him and how it helped him become the great leader of the Maratha Empire.

Gururkrupa College celebrated Rajmata Jijabai's Jayanti on 12/1/2023. Video related to Rajmata Jijabai was shown to the students. After the introduction mono acting performances "Mi Jijau Bolte" was done by the students. In the performance students showed today's need of Jijabai's qualities among the women. Students performed well with historical dressings. **Palana** was also sung by one of the student. Mono acts were appreciated by all faculty members. Program ended with vote of thanks.

## मी जिजाऊ बोलते!!!!

Rujula Malekar

F.Y.B.Ed. Student

Contact: 8652597938

Mail: [rujulapumalekar@gmail.com](mailto:rujulapumalekar@gmail.com)

होय मी जिजाऊ बोलते. मला खूप दिवसापासून तुमच्याशी बोलावं वाटत होते. आज संधी चालून आली. मी नेहमी ऐकत आले कि शिवबा जन्मावा दुसऱ्याच्या घरात. काय याच कारण काय आहे? आजची आई सक्षम नाही का शिवबा घडवायला? का तिला वाटते कि लोकांच्या हितासाठी मी माझ्या मुलाचे प्राण धोक्यात घालू? जो मरणाला भीत भीत जगतो तो कधीच मेलेला असतो. पण जो दोन हात करतो तो कधीच मरत नसतो. तुम्हाला एक सांगते वाघाची आई व्हायला काळीज प वाघीणीचेच लागते. तेव्हाच भल्याभल्याचे शीर आपल्या पायावर झुकते. तो फार धामधुमीचा काळ होता. महाराष्ट्र चोहूबाजूनी वेढला गेला होता. शत्रू गोरगरीब रयतेवर जुलूम करीत व आय-बहिणींवर अत्याचार करीत असे. तसे पहिले तर या कोणत्याही गोष्टींची आम्हाला झळ पोहोचत नव्हती. कारण आमच्याकडे पुण्याची जहागिरी होती. नोकर -चाकर धन-दौलत कोणत्याही गोष्टीची कमतरता नव्हती कि ज्या गोष्टीसाठी जीवावर उदार होऊन स्वराज्य स्थापन करावे. पण स्वराज्य स्थापन केले ते मराठी रयतेसाठी. मराठी रयतेवर होणार अन्याय थांबवण्यासाठी व आया बहिणींची अब्रू वाचवण्यासाठी शिवबाला स्वराज्य स्थापनेची प्रेरणा दिली आणि त्यानेही स्वराज्याची स्थापना केली. आपल्या मराठी रयतेच्या न्याय हक्कासाठी स्वाभिमानासाठी आणि सन्मानासाठी ते आयुष्यभर शत्रूशी झुंजत राहिले. त्यात आमचा कोणताही वैयक्तिक सार्थ नव्हता. फक्त रयतेला स्वाभिमानाने जगता यावे हाच उद्देश होता.

पण आज राजरोजपणे आया-बहिणींची अब्रू लुटली जाते आणि समाज उघड्या डोळ्यांनी तमाशा पाहतो. हे पहिले कि खूप दुःख होते. महिलांवर अत्याचार व खून करणारे उजळ माथ्याने फिरत आहेत. तेव्हा असे वाटते कि हाच तो महाराष्ट्र आहे का जिथे हिंदवी स्वराज्याची स्थापना करण्यासाठी माझ्या शिवबाने अविरत कष्ट घेतले? हजारो मावळ्यांनी आपले प्राण दिले? समस्त महिलांकडे माझे एवढेच मागणे आहे कि हे सर्व रोखायचे असेल तर आपल्याला मानाने खंबीर होऊन मुलाला देशसेवा व समाजसेवेचे धडे दिले पाहिजे. तुम्हालाही जिजाऊ बनायला लागेल. मग प्रत्येक घरी शिवबा घडायला वेळ लागणार नाही. आणि एकदाका घरोघरी शिवबा घडायला लागले कि शत्रू राष्ट्रांची आपल्या देशाकडे वाकडी नजर करून बघण्याची हिम्मत होणार नाही. शेवटी एकच सांगते...

शिछत्रपती शिवाय नाही देशाला गती "

# Rasta Suraksha Abhiyan 14/1/2023

Assistant RTO Officers, Pramod Pawar and Jitesh Yenare

Road Safety Week is celebrated from January 11 to January 17 every year. Organised by the Ministry of Road Transport and Highways, it intends to spread awareness on the importance of road safety, which is a major health concern for authorities and the government.

To make the students aware about importance of Road Safety, college conducted session on Road safety. The session was conducted by Assistant RTO Officers, Pramod Pawar and Jitesh Yenare .

Pramod Pawar explained the importance of Road Safety to the students. He showed some videos related to accidents. Then explained how accidents accrue and how it can be avoided. Mr. Bande, the owner of Motor Training School explained the rules of traffic by giving various examples. Students asked many queries which were answered by RTO officers. The session was very interactive.

Assistant RTO Officers, Pramod Pawar, Jitesh Yenare, Owner of Motor Training School Bande, GCER faculty members and B.Ed. & M.Ed. Students

# Geography Day & Haldi kumkum on Makarsankranti

## 14/1/2023

Rujula Malekar(F.Y.B.Ed.) & Shariqa Shaikh (S.Y.M.Ed.)

Kavita Mahajan, Shravni Kelkar & Alisha Jain(S.Y.B.ED. Students)

Shanno Sayyed (S.Y.M.Ed.)

14<sup>th</sup> January is celebrated as Geography Day to mark the movement of sun from one zodiac begins to another. To spread awareness of the environment protection, causes of pollution etc. among the students college conducted Geography Day. On this occasion video regarding importance of Geography Day was shown to the students. Speech regarding Geography Day and Saving Environment was given by the student. On the same day Makar Sankranti was celebrated in the country.

Makar Sankranti is believed traditionally to mark the arrival of spring in India. As it is the festival of Sun God. It helped the children understand the importance of the harvest festival and helped to inculcate moral values like politeness, sharing, respect towards elders, and respect for nature.

Haldi Kumkum was organized on the occasion of Makar sankranti. Tilgul, Halwa, was given to all students by saying "Tilgul ghya god god bola." All students wished each other and enjoyed the function.

# GEOGRAPHY DAY

**Naina Suresh Ghige**

**B. Ed. Student**

**Contact No:- 9970135527**

**Email Id :- [nainaghige6@gmail.com](mailto:nainaghige6@gmail.com)**

We in India, at academic colleges / institutions/ schools celebrate any day of fortnight next to the 14th January as a 'Geography Day' , it is famous in schools and colleges in Maharashtra. Dissemination of awareness of the environment protection, causes of pollution etc. is the principal objective behind the celebration of the day. According to National Geographic, geography is the “study of places and the relationships between people and their environments.” So, you can already see that geography is much more than just studying maps and knowledge of country capitals. Geography is the study of Earth and its atmosphere. With the growing importance of issues such as climate change, migration, environmental degradation, spatial epidemiology and inequalities, geography is one of the most relevant courses you could choose to study.

Whatever your passion for the world – fascination with landscapes or concerns about sustainability – geography will provide you with knowledge and transferable skills that will reward you personally and advance you professionally. When you think of geography, what comes to mind? Memorizing maps and capitals? That’s not all geography is! It’s actually much more. Geography is the study of humans and people through space, throughout time, and how those spaces have shaped history. It’s a fascinating field of study, and important too. Why is geography important? Let’s find out!

## IMPORTANCE OF LEARNING GEOGRAPHY

Geography helps us to explore and understand space and place - recognising the great differences in cultures, political systems, economies, landscapes and environments across the world, and exploring the links between them. Geography also provides an ideal framework for connecting and bringing together other fields of knowledge.

Geography is, in the broadest sense, an education for life and for living. Learning through geography – whether gained through formal learning or experientially through travel, fieldwork and expeditions – helps us all to be more socially and environmentally sensitive, better informed, and more responsible as citizens and employees.

## TEACHING IN GEOGRAPHY AT COLLEGE LEVEL

Teaching is one of the main components in educational planning which is a key factor in conducting educational plans. Despite the importance of good teaching, the outcomes are far from ideal. Successful teachers always keep in view that teaching must “be dynamic, challenging and in accordance with the learner’s comprehension. He does not depend on any single method for making his teaching interesting, inspirational and effective”.

Nowadays geography is considered as a part of the composite science of Human Society. Its purpose is to study the structure and behaviour of human society. Therefore, it is one of the social sciences. Though all the social sciences have common purpose i.e. the study of man, yet each presents unique point of view and each has evolved its own technique of studying human affairs and solving social problems.

It may, however not be understood that all method intends to minimize the importance of teaching methodology in Geography. In spite of these limitations, all method is a very useful and effective for teaching in Geography.

**OBJECTIVES: -**

- To familiarize the student teacher with different methods of teaching geography in classroom.
- To develop an understanding the role of a teacher for application of methods in classroom.
- To develop an understanding of the merit and limitations of various methods.
- Acquisition of permanent knowledge and skill in Geography teaching methodology at college.

**GEOGRAPHERS MAKE A DIFFERENCE IN THE WORLD**

Those who study geography have a unique perspective — one that comes with the knowledge of many cultures and spatial awareness that is not replicated in other disciplines. This mix of knowledge can help geographers come up with significant and unique solutions that others may not be able to see.

Another way geography can have a positive influence in the world is by creating awareness of the effect of climate change. Geographers have intimate knowledge of weather patterns and climate changes throughout the course of history on areas of land. They also have studied how those changes have affected humans in those areas. That knowledge is shared with others to hopefully bring an understanding and global awareness of the effects of climate change on human society.

**BECOME A GLOBAL CITIZEN**

Being an educated global citizen starts with the study of geography. Global citizens are conscious-minded of the world around them, understand others, and work towards making the entire globe a better place. That all starts with the study of geography!

## Best Practice of Preparing Cloth Bags 14/1/2023

Quality has become the defining element of education in the 21st Century in the context of new social realities. Best practices, the practices which add commendable value to an institution and its various Stakeholders, are considered as reliable benchmarks or standards of quality. The best institutions are those which widely use them. The National Assessment and Accreditation Council (NAAC) is advocating the best practices benchmarking approach for quality enhancement in higher education.

To create awareness about environment and to learn to make best out of waste College adopted one best practice. Students are asked to prepare cloth bags from old clothes and bring it to the college. It was told to the students that collected bags will be sold out and money collected from this sell will be given to the NGO. College got good response to this Best Practice. Many students participated in this best practice and brought cloth bags.

## माझ्या आठवणीतले सुभाषचंद्र बोस

गायकवाड राजन  
प्रथम वर्ष एम. ए शिक्षणशास्त्र  
संपर्क - ७७७५९७६१०७  
ई मेल - rajanalibag@gmail.com

आझाद हिंद फौजेचे महान स्वातंत्र्य सेनानी नेताजी सुभाषचंद्र बोस यांचा जन्म २३ जानेवारी १८९७ रोजी कटक, ओरिसा येथील एका बंगाली कुटुंबात झाला. त्यांचे वडील जानकीनाथ बोस हे वकील होते, त्यांच्या आईचे नाव प्रभावती देवी होते. इंग्लंडमधून आयसीए परीक्षा उत्तीर्ण झालेल्या सुभाषबाबूंनी सुरुवातीचे शिक्षण कटक आणि नंतर कलकत्ता येथून घेतले. नागरी सेवा परीक्षा उत्तीर्ण झाल्यानंतर, ब्रिटिश सरकारच्या उच्च पदांवर काम करण्याऐवजी, नेताजींनी भारताच्या स्वातंत्र्यासाठी घर सोडले. **“तुम मुझे खून दो मैं तुम्हे आझादी दूंगा।”** या त्यांच्या घोषणेमुळे सान्या देशात नवचैतन्य संचारले. हजारो देशवासी स्वातंत्र्य चळवळीत सहभागी झाले. ते म्हणत, **“मैं रहूँ न रहूँ आझाद रहे हिन्दुस्तान मेरा”**. सुभाषचंद्र बोस हे भारतीय इतिहासातील असे युगपुरुष आहेत ज्यांनी स्वातंत्र्यलढ्याला नवे वळण दिले. भारताला स्वतंत्र करण्यात नेताजी सुभाषचंद्र बोस यांची भूमिका अत्यंत महत्त्वाची होती. त्यांनी आझाद हिंद फौज स्थापन करून इंग्रजांना धक्का दिला. सुभाषचंद्र बोस हे तरुणांसाठी प्रेरणास्त्रोत आहेत. कविश्रेष्ठ कुसुमाग्रजांच्या ‘गर्जा जयजयकार’ या अत्यंत गाजलेल्या कवितेतील या ओळी. या ओळी वाचताना मला आठवतो तो नेताजी सुभाषचंद्र बोस यांनी १६ ऑगस्ट, १९४५ रोजी आझाद हिंद सेनेतील शूर स्वातंत्र्यसैनिकांना दिलेला संदेश. क्रूर नियतीने नेताजींचे ते शब्द शेवटचे शब्द ठरविले; पण ते शब्द सर्वार्थाने खरे ठरले. ते शब्द अजरामर झाले. सर्व बाजूंनी प्रचंड संकटांनी घेरलेले असताना नेताजींचा दुर्दम्य आशावाद त्यांच्या या संदेशातून ठळकपणे जाणवतो.

स्वदेशी शिक्षणाच्या प्रचारासाठी कोलकाता येथे नॅशनल कॉलेजची स्थापना केली. त्या कॉलेजमधील युवकांना देशभक्तीची शिकवण देण्यासाठी सुभाषचंद्र बोस हे योग्य आहेत याची खात्री पटल्यामुळे नॅशनल कॉलेजचे प्राचार्यपद सुभाषचंद्रांना बहाल करण्यात आले. प्राचार्यपदावरून सुभाषचंद्रांनी त्या कॉलेजमध्ये शैक्षणिक सुधारणा तर केल्याच त्याचबरोबर तेथील युवकांच्या मनावर देशभक्तीचे संस्कारही केले. देशासाठी सर्वस्वाचा त्याग करणारा एक खूप मोठा संघटित चमूच त्यांनी तयार केला. भारताच्या स्वातंत्र्यलढ्यासाठीच ते जगले आणि त्या प्रयत्नातच त्यांचा अंत झाला. उपोषणे, आंदोलने, निदर्शने यापासून ते सशस्त्र क्रांतीपर्यंतच्या सर्व मार्गांचा त्यांनी स्वातंत्र्यप्राप्तीसाठी अवलंब केला. गांधीजींपासून हिटलरपर्यंत सर्वांचेच सहकार्य घेतले. भारताचे स्वातंत्र्य हे एकच उदात्त ध्येय त्यांनी ठरविले होते. त्यांचे नाव उच्चारताच सहज बोल उठतात.

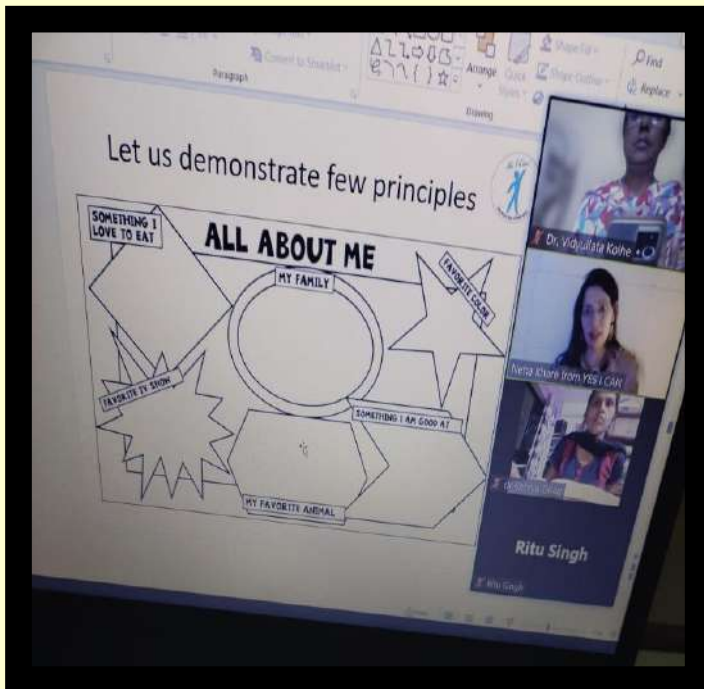

**तो क्रांतिसूर्य लढला – करण्यास मुक्त माता  
क्रांतीच श्वास त्याचा – क्रांतीच स्फूर्तिदाता  
ब्रिटिशांस धाक त्याच्या – आझाद सैनिकांचा  
काहूर या मनाला – त्याचीच स्फूर्ती गाथा**

नेताजी सुभाषचंद्र बोस यांच्या जयंतीनिमित्त सविनय अभिवादन.

India is the biggest democracy in the world. The diverse identity of the voters, wide variety in their expectations and aspirations, as well as the large number of political parties and organisations truly makes every election a festival in the country. Every year, India celebrates the National Voters Day on January 25 to encourage each and every vote in the country to participate in the electoral process. The idea of marking this day is not very old, tracing its origins to 2011. The country marked its first-ever National Voters Day in 2011. The idea behind the celebration was to encourage more young voters to take part in the electoral process. The Union government back then, under the leadership of Prime Minister Manmohan Singh, approved a proposal of the law ministry to this end. India is a democracy country if we will talk about what is mean by democracy according to Abraham Lincion Democracy means a government for the people, of the people, by the people if we critically analysis this view we will come to know about the important of votes. If we think, what is it? In easy word we can describe a vote is to choose somebody for a particular position, and if we think about who is voters so we can say a person who utilizing his basic fundamental life. Voting is not just the right of the citizen of India; it is their duty as well. It is upon the citizen of India to choose the right candidates during the elections for better governance and growth of India. Therefore, to promote the importance of the elections and voting system, National Voters Day is celebrated. Moreover, it motivates and influences young voters to turn up on election day and cast their votes after taking an informed decision. Because People's beliefs, needs, and aspirations differ from generation to generation. It is crucial that the upcoming generations, which would have a significant role to play in the nation's socio-cultural and economic sphere, shows up to vote and feels included in the process of nation-building.

# National Voter's Day 25/1/2023

Rexica Nadar (F.Y.B.Ed.)

Yogini Gharat (F.Y.M.Ed.)

Judges of competition: Dr. Vidyullata Kolhe & Mr. Mahindra Sonavane

National Voters Day has been celebrated since 2011 across the country to mark the foundation day of the Election Commission of India i.e., 25th January 1950. For celebrating this day college conducted Rangoli Competition with the theme of "Nothing like Voting, I Vote for Sure." Rules and Rubrics were also given to the students. B.Ed. and M.Ed. students participated in this competition and explore their talent. Dr. Vidyullata Kolhe, Principal GCER and Mr. Mahindra Sonavane, Principal, Gurukrupa Primary School judged the competition and given result. Winners will be awarded with mementos.

# Republic Day 26/1/2023

Performance of B.Ed. & M.Ed. students

Republic Day marks the adoption of India's constitution and the country's transition to a republic on January 26, 1950. Every year, the celebrations marking the day feature spectacular military and cultural pageantry. After independence was declared, a constituent assembly elected by provincial assemblies went about drafting a constitution that would govern the newly independent nation. After more than two years, the constitution of India was completed and solidified the establishment of India's independent democratic government.

Republic Day was celebrated by college jointly with Brighton World School. Founder of SSPM, Hon. Mr. Dattatraya .B. Veer sir, Secretary of SSPM Hon. Dr. Pankaj Veer sir & Deputy Director Hon. Dr. Vaishali Zankar were present for flag hoisting. After flag hoisting Cultural Programs was performed by students which were appreciated by dignitaries.

## **PRIDE OF INDIA: INDIAN CONSTITUTION**

Dr. Anjali Kirkinde  
Assistant Professor, GCER  
Contact: 9619535190

Mail: [anjalikirkinde.gcer@gmail.com](mailto:anjalikirkinde.gcer@gmail.com)

The Constitution of India is the supreme law of India. The document lays down the framework that demarcates fundamental political code, structure, procedures, powers, and duties of government institutions and sets out fundamental rights, directive principles, and the duties of citizens. It is the longest written national constitution in the world.

### **Salient Features of the Indian Constitution**

#### **1) The world's longest Constitution.**

The Indian Constitution is the longest and largest written Constitution. Mainly because it contains not only fundamental human rights but also specific administrative directions. Many institutions, such as the Public Sector, have been granted a constitutional position (under Article 308- 323). Another one of the factors for the size of this Convention is that it applies to the entire country of India. Since India is such a large nation, it necessitated the application of precise regulations to diverse areas of the country. As a result, a vast constitution was created.

#### **2) Taken from various sources**

Assembled from a myriad of perspective Elements of our Constitution were borrowed out of a multitude of locations. The essential elements of our Constitution were derived from the Government of India Act of 1935.

The different sources of the Indian Constitution are constitutions of United States of America, United Kingdom, Canada, Australia, USSR, Ireland, Germany, France, South Africa, Japan

#### **3) Adult Universal Franchise**

Our forefathers were entitled to vote for each Indian citizen above the age of 21. (Now age is 18). It took several years for Western liberal democracy to grant this freedom to all of us.

#### **4) Solitary Citizenship**

The Constitution of India provides for single citizenship. This implies that whoever obtains the citizenship rights of another nation instantly loses their Indian citizenship. The UK Constitution inspired this notion of citizenship. People can benefit from the development of advantages merely by becoming citizens. The ability to vote and be elected to positions such as President and Member of Parliament is only accessible to Indian nationals.

#### **5) Fundamental Duties**

These responsibilities were not included in the original Constitution, but they were considered to be necessary subsequently. Invoking the Soviet Union, India's Government had 11 Fundamental Duties to Article 51 A of the Constitution. They were formed in 1976 as part of the 42nd Amendment Of the Constitution. The Government thought Indian nationals needed to adopt these values to demonstrate reverence for our country.

#### **6) Fundamental rights**

Part 3 of the Constitution of India establishes fundamental rights (Article 12-35). These are indeed the universal human rights that each Indian citizen enjoys. All Indian citizens have access to Articles 15, 16, 19, 29, and 30. Except for nationals of hostile nations, everybody who lives in this country is entitled to Articles 14, 20, 21, 21A, 23, 24, and 25-28.

#### **7) Rigidity and Flexibility in Balance**

According to the document, most parts of the Constitution can be changed by a mere majority in the parliament. At the same time, many clauses in Article 368 require a specific majority, particularly in situations impacting the state's policy.

#### **8) Constitution of a Quasi-Federal Republic**

Quasi-federal indicates that this seems to be unified, but it is not genuinely federal due to a significant lean towards centralized authority. In situations of distress, the Central Govt has far greater control than the State Legislatures.

#### **9) Independence of the Judiciary**

In India, the judicial system is largely autonomous and makes its judgments. In a republic, judicial independence is critical. It safeguards its inhabitants against the unauthorized or unlawful processing of government agencies. The Constitution provides for several fundamental rights. The Judiciary must use its powers under Articles 32 & 13 to protect such fundamental rights.

### **10) The Parliamentary system of Government**

The British Constitution inspired this style of Government. India chose it because she had prior experience with this type of governance. This is referred to as a UK parliament. The executive is responsible and responsive to the legislative by different means and classes in this management style.

### *TEACHER: THEIR ROLE IN MODERN EDUCATION*

#### *ABOUT THE AUTHOR: DR. MARTIN ROY EDWARD:*

Father of Norika, husband of Tejo, Dr. Martin Roy Edward was born in Avadi, Chennai, Tamil Nadu. He completed his education in Maharashtra. He is an alumnus of KVS, and has served the KVS for 36 years in various capacities and retired on superannuated as Principal in KVS in June 2020. Now he is settled in Visakhapatnam, Andhra Pradesh. During his service in the KVS, he has attended and has experience in organizing several workshops, conferences and seminars. He has organized several cultural and sports activities at different levels from cluster to the national level. He has the credit of providing the best academic results in all the schools wherever he has worked as the Principal. He, being a member of the YMCA, has been participating in various social activities and has delivered several lectures on various environmental and social issues. His contributions have been recognized by the National Council of YMCA of India – Western region and he is in receipt of the honor award “Pariyavaran Rakshak”. He has been conferred with a medal and a citation on the 29th November 2015 from an organization called the North Indian Sangh, Pune for his contributions in the field of Education, Sports, Music, Social and Culture.

### *OVERVIEW:*

The role of a teacher has changed significantly during the last few years. Teaching in the modern era has changed drastically and the same today is quite different from what it was in the past. A teacher has been facing various challenges today to become a good teacher as well as for his/her survival.

### *SUMMARY:*

Today, teachers will have to play a multifaceted role. The teacher shall also be acting as a leader and this will be helping other teachers. The Principal plays a significant role in the school in guiding the teachers. Today the role of the Principal is also very important for the development of the schools.

### *EVALUATION:*

This book gives an in-depth analysis of the various problems that a teacher will have to face and also suggests how these problems can be overcome. Today, teachers will have to play a multifaceted role. The teacher shall also be acting as a leader and this will be helping other teachers. The Principal plays a significant role in the school in guiding the teachers. Today the role of the Principal is also very important for the development of the schools. During the COVID 19 pandemic, one of the most affected areas that was most affected is children's education. Even though our teachers were not trained to face such a catastrophe, they have found a solution and started teaching children online to the satisfaction of the students and their parents.

### *WHAT'S THE BOOK'S MAIN MESSAGE?*

Teachers play an essential role in the life of their students during school days and even after school in the practical world. The Role of the teacher is in the classroom giving instructions that help students in the future. So, this book enables us to learn about the role of a teacher and how we can enhance and update ourselves as a teacher with time

*REVIEW:*

I would rate this book with a 5 Stars, as it clearly states the teacher's role is described beyond teaching. They are more than an educator and are counsellors, mentors, role models, external parents, and so on to a student. There are many significant ways that providing a better understanding of a lesson to helpful for students in better future.

# WHAT IS UPCOMING?
